Docket No. 98N-1265 502 '99 APR 20 110:16

Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been using compounded progesterone from Madison Pharmacy, WI. for 3 years for treatment of what was a severe case of PMS. Prior to a proper diagnosis and progesterone therapy, my life and the lives of my family were falling apart. Among my many symptoms, the depression, anxiety, and sleeplessness were creating havoc. Progesterone therapy literally gave me my life back and I wouldn't want to receive my prescription anywhere else except through Madison Pharmacy where their experience and personal involvement are so prevalent.
